Work Experience

2023 -
Present

ERA infotech Ltd.

Associate Software Engineer

- Delivered comprehensive SDLC projects, overseeing every phase from planning to deployment for both Agent Banking and Core Banking systems.
- Developed intricate SQL, PL/SQL, and SQL Loader scripts to facilitate data conversion and automate processes.
- Designed dynamic and user-friendly interfaces utilizing Oracle APEX, HTML, CSS, and JavaScript.
- Integrated REST and SOAP APIs for transactions within the Core Banking System (CBS).
- Streamlined data processes and lowered operational costs through effective script development.
- Ensured rigorous adherence to banking regulations, enhancing security and operational reliability.

2022
-
2023

ERA infotech Ltd.

Trainee Software Engineer

- Assisted in the development of new modules for Agent Banking and Core Banking systems utilizing Oracle APEX, SQL, and PL/SQL.
- Migrated legacy Oracle Forms applications to Oracle APEX, enhancing usability and performance.
- Developed and optimized PL/SQL programs to achieve high performance and efficiency.
- Created user-friendly interfaces using HTML, CSS, and JavaScript.
- Acquired practical experience in REST/SOAP API integration and process automation with SQL Loader.
- Gained hands-on experience throughout the entire SDLC, ensuring secure and compliant solutions.

2021
-
2022

Metro Solution Ltd.

Junior Oracle Developer

- Migrated legacy Oracle Forms applications to Oracle APEX, resulting in enhanced usability and performance.
- Employed HTML, CSS, and JavaScript for user interface design.
- Implemented PL/SQL for database interactions and business logic, incorporating stored procedures, functions, and triggers.
- Enhanced Existing Application.
