SUMMARY

Certified Oracle APEX Developer with over 3 years of experience creating enterprise-grade business applications in the FinTech and Agent Banking sectors. Proficient in Oracle SQL, PL/SQL, REST API integration, and dynamic UI development using HTML, CSS, and JavaScript. Skilled in managing the full software development life cycle (SDLC) to optimize processes, ensure data accuracy, and deliver secure, compliant solutions. Enthusiastic about driving innovation and staying current with advancements in the Oracle technology stack.

EXPERIENCE

Associate Software Engineer

07/2023 - Present

ERA Infotech BD LTD ↗

- Delivered complete SDLC projects, from planning to deployment for Agent Banking and Core Banking systems.
- Developed complex SQL, PL/SQL, and SQL Loader scripts for data conversion and process automation.
- Created dynamic, user-friendly interfaces using Oracle APEX, HTML, CSS, and JavaScript.
- Integrated REST and SOAP APIs for Core Banking System (CBS) transactions.
- Optimized data processes and reduced operational costs through efficient script development.
- Ensured strict compliance with banking regulations, improving security and operational reliability.
