WORK EXPERIENCE

ERA Infotech BD LTD

July 2023 - Present

Associate Software Engineer

- Delivered complete SDLC projects, from planning to deployment for Agent Banking and Core Banking systems.
- Developed complex SQL, PL/SQL, and SQL Loader scripts for data conversion and process automation.
- Created dynamic, user-friendly interfaces using Oracle APEX, HTML, CSS, and JavaScript.
- Integrated REST and SOAP APIs for Core Banking System (CBS) transactions.
- Optimized data processes and reduced operational costs through efficient script development.
- Ensured strict compliance with banking regulations, improving security and operational reliability.

ERA Infotech BD LTD

May 2022 - June 2023

Trainee Software Engineer

- Assisted in developing new modules for Agent Banking and Core Banking systems using **Oracle APEX, SQL, and PL/SQL**.
- Migrated legacy Oracle Forms applications to Oracle APEX, ensuring improved usability and performance.
- Developed and optimized **PL/SQL programs** to ensure high performance and efficiency.
- Designed user-friendly interfaces with **HTML, CSS, and JavaScript**.
- Gained practical experience in **REST/SOAP API integration** and **process automation** using **SQL Loader**.
- Gained hands-on experience across the **full SDLC**, ensuring secure and compliant solutions.
-

Metro Solution Ltd.

July 2021 – May 2022

Junior Oracle Developer

- **Migrated legacy Oracle Forms applications to Oracle APEX**, ensuring improved usability and performance.
- Utilized HTML, CSS, and JavaScript for UI design.
- Implemented PL/SQL for database interactions and business logic, including stored procedures, functions, and triggers.
